Subject: Call for information and follow-up to the decisions adopted by the Conference of the Parties to the Stockholm Convention at its eighth meeting (Geneva, Switzerland from 24 April to 5 May 2017)

Dear Sir, Dear Madam,

At its eighth meeting, the Conference of the Parties to the Stockholm Convention adopted a number of decisions that invited Parties and others to provide information. The full set of decisions adopted at the meeting are contained in annex I to the meeting report, which will be made available on the Stockholm Convention website: www.pops.int. To facilitate your response to the various invitations for information, please find enclosed a summary of the individual decisions.

This letter and relevant forms for submitting the solicited information are also available on the Convention website in the section "[Call for information and follow-up to the eighth meeting of the Conference of the Parties to the Stockholm Convention](#)".

Please note that similar letters have also been sent to Parties and observers for the decisions adopted by the conferences of the Parties to the Basel and Rotterdam conventions. The invitations for information contained in three of the joint decisions adopted by the three conferences of the Parties have been included in each of the individual letters.

Should you have any queries, please contact Ms. Marylene Beau, Secretariat of the Basel, Rotterdam and Stockholm Conventions (Email: marylene.beau@brsmeas.org; Tel: +41 22 917 83 87, Fax: +41 22 917 80 98).

We look forward to receiving your submissions.

Yours sincerely,

Rolph Payet
Executive Secretary

1. Specific exemptions, acceptable purposes and other exemptions or notifications

Decision: SC-8/1: Specific exemptions, acceptable purposes and other exemptions or notifications

Background:

In accordance with Article 4 of the Convention and relevant decisions of the Conference of the Parties, Parties may register for one or more types of specific exemptions listed in Annex A or Annex B to the Convention. Specific exemptions under Article 4 are available only for those Parties that have registered through a notification in writing to the Secretariat.

Registrations of specific exemptions and acceptable purposes, as well as notifications of articles in use and closed-system site-limited intermediates are made available on the Convention website at:

2. Polychlorinated biphenyls

Decision: SC-8/3: Polychlorinated biphenyls

Background:

In decision SC-8/3, the Conference of the Parties, among other things, took note of the consolidated assessment of efforts to eliminate polychlorinated biphenyls (PCBs). It also decided to undertake, at its ninth meeting, a review of progress towards the elimination of PCBs accordance with paragraph (h) of part II of Annex A to the Convention. To that end, it encouraged Parties to provide information on progress in eliminating PCBs in their fourth national reports submitted pursuant to Article 15 of the Convention. The Conference of the Parties also decided to establish a small intersessional working group to prepare a report on progress towards the elimination of PCBs for consideration by the Conference of the Parties at its ninth meeting. Parties are invited to consider serving as a lead country in the preparation of this report, in consultation with the small intersessional working group. Parties and others are invited to nominate experts to participate in the small intersessional working group.

3. Evaluation and review of brominated diphenyl ethers pursuant to paragraph 2 of parts IV and V of Annex A to the Stockholm Convention

Decision: SC-8/4: Evaluation and review of brominated diphenyl ethers pursuant to paragraph 2 of parts IV and V of Annex A to the Stockholm Convention

Background:

In decision SC-8/4, the Conference of the Parties decided, among other things, to undertake the further evaluation of progress that Parties have made towards eliminating brominated diphenyl ethers contained in articles and the review of the continued need for specific exemptions for those chemicals at its tenth meeting, pursuant to paragraph 2 of parts IV and V of Annex A to the Convention and in accordance with the process set out in the annex to decision SC-6/3 and the schedule set out in the annex to decision SC-8/4.

The Conference of the Parties also encouraged Parties to collect information on the types and quantities of brominated diphenyl ethers in articles in use and in the waste and recycling stream and on measures taken to ensure their environmentally sound management pursuant to Article 6 of the Convention and, where appropriate, parts IV and V of Annex A to the Convention, and to make that information available to the Secretariat.

It also urged Parties and other relevant stakeholders to implement where appropriate, taking into account national circumstances, the recommendations set out in the annex to decision POPRC-6/2 on the elimination from the waste stream of brominated diphenyl ethers, and to provide information on progress to the Conference of the Parties in order to facilitate the evaluation and review of progress in eliminating brominated diphenyl ethers.

4. Perfluorooctane sulfonic acid, its salts and perfluorooctane sulfonyl fluoride

Decision: SC-8/5: Perfluorooctane sulfonic acid, its salts and perfluorooctane sulfonyl fluoride

Background:

At its seventh meeting, in decision SC-7/5, the Conference of the Parties decided to undertake the further evaluation of perfluorooctane sulfonic acid (PFOS), its salts and perfluorooctane sulfonyl fluoride (PFOSF) at its ninth meeting, pursuant to paragraphs 5 and 6 of part III of Annex B and in accordance with the process set out in the annex to decision SC-6/3 and the revised schedule set out in the annex to decision SC-7/5. The call for information on PFOS, its salts and PFOSF as part of this process will be sent out in November 2017.

In decision SC-8/5, the Conference of the Parties, among other things, invited Parties and others to submit to the Secretariat the information referred to in paragraphs 4 (a)–(c) of that decision, and as reproduced in the table below, to be used in preparing the next report on the evaluation of PFOS, its salts and PFOSF.

Follow-up:

12. Synergies in preventing and combating illegal traffic and trade in hazardous chemicals and wastes¹

Decision: SC-8/24: Synergies in preventing and combating illegal traffic and trade in hazardous chemicals and wastes

Background: In paragraph 6 of decision SC-8/24, the Conference of the Parties emphasized the importance of information provided under each convention by Parties to the Secretariat on the measures that they have adopted in order to implement the conventions and requested the Secretariat to make the information relevant to illegal traffic and trade, if not identified as confidential by Parties involved, available on the website of the conventions without duplication of related requests under each convention.

In paragraph 7 of the same decision, the Conference of the Parties, encouraged Parties to two or more of the Basel, Rotterdam and Stockholm conventions: (a) To establish, where they do not yet exist, coordinating mechanisms at the national level with a view to facilitating the exchange of information among relevant authorities responsible for the implementation and enforcement of the provisions of the conventions aimed at controlling the export and import of the chemicals and wastes covered under the conventions, other relevant institutions and the private sector; (b) To review, through those coordinating mechanisms, the lessons learned under each convention that could benefit the implementation and enforcement of the others, and, as appropriate, to adjust their legal and institutional frameworks accordingly.

In paragraph 8 of the same decision, the Conference of the Parties invited Parties to share, through the Secretariat, their experiences pursuant to paragraph 7 and information on cases of illegal trade in hazardous chemicals and wastes. In paragraph 10 (a) of the decision, the Secretariat was requested to seek comments from Parties and others on further areas, including areas common to two or three conventions in which legal clarity could be improved as a means of preventing and combating illegal traffic and trade in hazardous chemicals and wastes, and, based on those comments, to prepare a report, including recommendations, for consideration by the Conference of the Parties at its next meeting.
