GIZ (14926,20 USD) / NCCTP (3600,00 USD)

Narrative Summary of the activity including the outcomes (in quantifiable terms as much as possible)

As part of the implementation of the requirements of the Stockholm Convention on Persistent Organic Pollutants, the regional Centre of Algeria, has Organized a regional capacity building workshop for the countries of the region, namely "Algeria, Tunisia, Morocco, Libya, Egypt, Mauritania, Niger and Mali" on the theme " Updating of the National Implementation Plans (NIPs) of the Stockholm Convention with respect to new Persistent Organic Pollutants (Pops) added to the annexes to the Convention since the 5th Conference of the Parties (COP 5) "

National and international experts presented the following

- Development of the National Implementation Plans (NIPs) of the Stockholm Convention and the development of Pops inventories,
- Introduction to pesticides, dioxins and furans
- Introduction to PFOs and realization of a national PFOs inventory

- The development of inventories and the management of pesticides as well as the lessons learned from the development of the NMCs in Algeria.
- The efforts undertaken and inventory of PCB inventories, their inventories, the challenges of their eliminations and intermediate storage Health-Gender and Socio-economic evaluations in the development and implementation of the PNM.

Each focal point presented the state of progress of his country in relation to Persistent Organic Pollutants and the actions carried out to implement the National Plan for the Implementation of the Stockholm Convention for each of the member countries.

Indicate the location of detailed information of this activity (e.g., weblink to the report, etc)

7. PART 3: SPECIFIC INFORMATION ON THE TECHNICAL CAPABILITY OF

THE CENTRE

1. Identification, documentation and implementation of actions and practices

Give at least one example which demonstrates that your centre has the capability in all counts to identify, document and implement project activities. The examples should be based on facts and be verifiable. Please indicate how can we verify these examples.

	Capability of the Centre	Means of verification
Example on identifying	Besides being the Regional Center for the Stockholm Convention, we represent the National Center for Cleaner Technologies Production of Algeria, we also are member of SCP/RAC and RECPnet. We collaborate with Institutions of the same trusteeship and the NCT (National Center of Toxicologie)	http://www.cntppdz.com/index.php http://www.alger-city.com/administration/ministeres/ministere-des-ressources-en-eau-et-de-l-environnement
Example on documenting	The Regional Center for the Stockholm Convention in Algeria has qualified technical staff and National network of experts	http://www.cntppdz.com/index.php?page=organisation
Example on implement	The National Center for Cleaner Technologies Production represents the Government, it is under the authority of Water Ressources and Environment Ministry.	http://www.cntppdz.com/index.php?page=presentation (executive decree)

8. 2. Identifying, undertaking and advancing cooperation, collaboration and synergies

Give at least two examples, if possible, which demonstrate that your centre has the capability in identifying, undertaking and advancing cooperation, collaboration and synergies while implementing project activities. The examples should be based on facts and be verifiable. Please indicate how can we verify these examples.

	Centre's capability in identifying, undertaking and advancing cooperation and collaboration and synergy	Means of verification
Example 1.	Regular member of the RECPnet, Ressource Efficient and Cleaner Production	http://www.cntppdz.com/index.php plus our membership in the Arab Chapter www.recpnet.org
Example 2.	Partenaire du SCP/RAC Regional Activity Center for Sustainable Cleaner Production of Barcelona	http://www.cprac.org/fr/qui-sommes-nous/partenaires

9. 3. Identification of additional financial resources and other donors to fund projects

Give a list of donors/funds mobilized to implement the activities/projects by the centre.

The example should be based on facts and be verifiable. Please indicate how can we verify these examples.

	Title of activity	Source of funding	Amount (USD)	Means of verification
Activity	Elaboration of a guide on the environmentally sound management of POP's and their waste (reduction and elimination)	GIZ	depends	business plan/ activity reports

	Title of activity	Source of funding	Amount (USD)	Means of verification
Activity	Regional workshop on the legislative and regulatory framework to be put in place for better implementation of Stockholm Convention / Basel / Rotterdam	GIZ	Depends	business plan/ activity reports

10. 4. Managing and conducting activities efficiently, effectively and transparently
Give at least one example which demonstrates that your centre conducts its activities efficiently, effectively and transparently in implementing project/activities. The examples should be based on facts and be verifiable. Please indicate how can we verify these examples.

	Example on centre's capability to conduct its activities...	Means of verification
Efficiently	missions, services and work of the center in Algerian enterprises in different fields	http://www.cntppdz.com/uploads/offre%20de%20service-revue%20n%2014.pdf
Effectively	Organisation of International workshops with the participation of all countries covered by the Regional center and national committee of POPs	http://www.popsalgerie.com/fr/index.php?page=ateliers-et-seminaires Endorsment letters sent Programm of the activity
Transparently	The work of the Center on MedTEST II project with 12 algerian enterprises choosed in transparency of 30 enterprises in collaboration with UNIDO	rappports d'avancement http://www.cntppdz.com/index.php?page=assistance-technique-a-lindustrie

11. 5. Capacity to meet various language requirement of the region/subregion
Give at least one example that demonstrates that your centre meets various language requirements of the region. The examples should be based on facts and be verifiable. Please indicate how can we verify these examples.

	Language	Means of verification
1.	Arabic	Mother tongue

	Language	Means of verification
1.	French	http://www.popsalgerie.com/fr/index.php

	Language	Means of verification
1.	English	http://www.popsalgerie.com/en/

12. The Secretariat would like to congratulate you on your success of completing this report. By clicking review and submit button you will have an opportunity to review your report. After submitting it you will be given opportunity to download the report which you can even print for your records. Thank you very much for submitting it to us.
