

### 10. Waste containing nanomaterials

Decision: BC-15/16: Waste containing nanomaterials

Background:

The Conference of the Parties took note of the information provided by Parties and observers related to activities aimed at addressing issues related to waste containing nanomaterials.<sup>1</sup> It invited Parties and observers to make available to the Secretariat any new information related to activities aimed at addressing issues related to waste containing nanomaterials. The Secretariat was requested to compile the information received for consideration by the Open-ended Working Group at its thirteenth meeting.

Follow-up:

<b>Call for information</b>	<b>Respondents</b>	<b>Deadlines for submission</b>
Parties and observers are invited to make available to the Secretariat any new information related to activities aimed at addressing issues related to waste containing nanomaterials, including case studies about and best practices relating to the management of waste containing nanomaterials.	Parties Observers	<b>31 December 2022</b>
