

Stockholm Convention on Persistent Organic Pollutants

**Conference of the Parties to the Stockholm
Convention on Persistent Organic Pollutants
Eighth meeting**

Geneva, 24 April–5 May 2017

Item 5 (g) of the provisional agenda*

**Matters related to the implementation of the Convention:
financial resources and mechanisms**

Compilation of submissions received by the Secretariat on ways in which to support the Stockholm Convention

Note by the Secretariat

As referred to in the note by the Secretariat on the financial mechanism (UNEP/POPS/COP.8/18), a compilation of submissions received from Parties and observers on ways in which they could support the Stockholm Convention is set out in annex I to the present note. Such submissions were received from the following Parties: Bosnia and Herzegovina, Egypt, El Salvador, Honduras, Monaco, Mongolia, Poland, Sri Lanka and Swaziland. A submission was received from one observer: the Associated Labor Unions - Trade Union Congress of the Philippines. Colombia withdrew their submission. The online questionnaire used to submit responses is reproduced in annex II to the present note. The present note, including its annexes, has not been formally edited.

* UNEP/POPS/COP.8/1.

Annex I

Compilation of submissions received from Parties and observers on ways in which they could support the Stockholm Convention

Bosnia and Herzegovina

1. Date of submission

10/31/2016

2. Name of the submitting entity

Ministry of foreign trade and economic relations

3. Contact details of submitting official

The submitter serves as the Official Contact Point of the Stockholm Convention (for country submissions only)

Name: Nermina

Surname: Skejovic-Huric

Address: Musala 9 Sarajevo 71000 Bosnia and Herzegovina

E-mail: nermina.skejovic-huric@mvteo.gov.ba

Telephone: +387 33 953 531

Fax: +387 33 206 141

4. Pursuant to decision SC-COP7/18 on needs assessment for the Stockholm Convention, the Secretariat has been requested to develop an online questionnaire to potential donors on the way in which they can support the Convention in relation to specific key areas identified in the needs assessment, including information related to accessing this support.

In line with this mandate, this question is to elaborate whether your entity can support the Stockholm Convention.

Yes

In the past, but not currently

*** No ***

5. Please list below the barriers you encountered which have prevented your entity from providing support in relation to the Stockholm Convention (if any):

*** Bosnia and Herzegovina is a transition country with no available state funds for the support of SC. ***

6. If these barriers would not exist, could your entity support the Stockholm Convention?

*** Yes ***

No

7. Describe how these barriers could best be addressed?

*** Bosnia and Herzegovina developed its first NIP in 2015, and it still awaits it a long way regarding the Convention implementation. Unfortunately there were no funds for the further steps for now. ***

How can the Secretariat support your entity in addressing any of these barriers?

*** We need capacity and financial boost regarding the convention implementation. Still, for the time being BiH would not be able to ensure some donations in relation to Paris agreement. ***

Egypt

1. Date of submission

10/30/2016

2. Name of the submitting entity

Egyptian Environment Affairs Agency

3. Contact details of submitting official

*** The submitter serves as the Official Contact Point of the Stockholm Convention (for country submissions only) ***

Name: Manal

Surname: Farag

Address: 30, Misr Helwan El-Zyrae RD , Maadi -Cairo

E-mail: m5samyFarag@gmail.com

Telephone: +225256463

Fax: +225256490

4. Pursuant to decision SC-COP7/18 on needs assessment for the Stockholm Convention, the Secretariat has been requested to develop an online questionnaire to potential donors on the way in which they can support the Convention in relation to specific key areas identified in the needs assessment, including information related to accessing this support.

In line with this mandate, this question is to elaborate whether your entity can support the Stockholm Convention.

*** Yes ***

In the past, but not currently

No

5. What type of support does your entity offer?

Financial support channelled through other organizations/funding mechanisms

*** Financial support for activities directly implemented by your entity ***

*** In kind contribution ***

6. Specify the thematic areas in which your entity can support the Convention in relation to the following specific key areas identified in the most recent needs assessment (see Table 2, Annex III to document UNEP/POPS/COP.5/22)

Articles 3 and 4: Intentionally produced persistent organic pollutants: Pesticides listed in Annexes A and B

Articles 3 and 4: Intentionally produced persistent organic pollutants: Industrial chemicals listed in Annexes A and B

Article 5: Unintentionally produced persistent organic pollutants (Annex C)

Article 6: Stockpiles and wastes

Article 6.1(e): Contaminated sites

Article 7: Implementation plans

Article 8: Listing of new chemicals in Annexes A, B and C

Article 9: Information exchange

Article 10: Public information, awareness and education

Article 11: Research, development and monitoring

Article 12: Technical assistance

Article 13: Financial assistance

Article 15: Reporting

Article 16: Effectiveness evaluation

Other thematic priority areas

7. Which would be the preferred size and budget of supported projects?

< USD 10'000

USD 10'000 - USD 100'000

USD 100'000 - USD 500'000

USD 500'000 - USD 2 mio

> USD 2 mio

8. What are the preferred modalities of supporting the implementation of activities in recipient countries? (ex: through local partners, through your own entity, etc.)?

Not answered

What is the amount of the contribution per year [USD]?

Not answered

9. Please indicate the area(s) where your entity has expertise and can support the implementation of the Stockholm Convention:

Development of National Implementation Plans

National coordination

Legal and institutional framework

Regional cooperation and coordination

National report

Reducing and eliminating intentionally produced POPs: pesticides

Reducing and eliminating intentionally produced POPs: industrial chemicals

Reducing and eliminating intentionally produced POPs: POPS for which no specific exemptions are available

Reducing and eliminating unintentionally produced POPs

Reducing and eliminating releases from stockpiles and wastes

Transport of POPs waste

Storage of POPs waste

POPs disposal technologies

Waste minimization and process optimization

Remediation of contaminated sites

Research, development and monitoring of POPs

Supporting the work of the POPs Review Committee

Information exchange on POPs under the Stockholm Convention

Public information, awareness and education

SDG implementation in the context of the Stockholm Convention

Mainstreaming chemicals and wastes into national development agendas

Gender-related aspects of the sound management of chemicals and wastes

Industry involvement and public private partnerships

Other (please specify):

10. Please indicate the type of in-kind assistance that your entity can provide.

Training

Face-to-face training (workshop or “train-the-trainers”)

Online training/webinars (i.e. where trainer support is available)

Tools

Documentation (tools and guidance)

E-learning tools (such as online course without trainer support, or toolkit)

Videos

Projects

Support for project proposal development

Implementation of specific projects

Other in kind capacity assistance

Provision of technical experts

Model legislation

Field visits

Case studies

Technology transfer

Other

11. Please indicate if there are any general conditions for the support provided by your entity

General conditions

Co-funding requirements

Partnership requirements

12. Which countries can access the support provided by your entity?

All countries (not restricted to a particular group of countries)

Developing countries
CEITs (Countries with Economies in Transition)
LDCs (Least Developed Countries) and SIDS (Small Island Developing States)
Other (please specify)

13. Does your entity have a specific geographic focus?

African region
Eastern European region
Asia and Pacific region
Latin America and Caribbean region
Western European and Others region
Global

14. How can potential recipients access the support?

Not answered

15. How can the Secretariat facilitate the access?

Not answered

El Salvador

1. Date of submission

8/29/2016

2. Name of the submitting entity

MINISTER OF ENVIRONMENT AND NATURAL RESOURCES

3. Contact details of submitting official

*** The submitter serves as the Official Contact Point of the Stockholm Convention (for country submissions only) ***

Name: ITALO ANDRES

Surname: FLAMENCO CORDOVA

Address: Urbanizacion Santa Elena, Calle Conchagua Oriente, No. 1-2-3-4, Condominio Norte
Embajada Americana. Antiguo Cuscatlan

Pursuant to decision SC-COP7/18 on needs assessment for the Stockholm Convention, the Secretariat has been requested to develop an online questionnaire to potential donors on the way in which they can support the Convention in relation to specific key areas identified in the needs assessment, including information related to accessing this support.

In line with this mandate, this question is to elaborate whether your entity can support the Stockholm Convention.

Yes

In the past, but not currently

No

What type of support does your entity offer?

Financial support channelled through other organizations/funding mechanisms

Financial support for activities directly implemented by your entity

In kind contribution

Specify the thematic areas in which your entity can support the Convention in relation to the following specific key areas identified in the most recent needs assessment (see Table 2, Annex III to document UNEP/POPS/COP.5/22)

- Articles 3 and 4: Intentionally produced persistent organic pollutants: Pesticides listed in Annexes A and B
- Articles 3 and 4: Intentionally produced persistent organic pollutants: Industrial chemicals listed in Annexes A and B
- Article 5: Unintentionally produced persistent organic pollutants (Annex C)
- Article 6: Stockpiles and wastes
- Article 6.1(e): Contaminated sites
- Article 7: Implementation plans
- Article 8: Listing of new chemicals in Annexes A, B and C
- Article 9: Information exchange
- Article 10: Public information, awareness and education
- Article 11: Research, development and monitoring
- Article 12: Technical assistance
- Article 13: Financial assistance
- Article 15: Reporting
- Article 16: Effectiveness evaluation
- Other thematic priority areas _____

Which would be the preferred size and budget of supported projects?

- < USD 10,000
- USD 10,000 - USD 100,000
- USD 100,000 - USD 500,000
- USD 500,000 - USD 2 mio
- > USD 2 mio

What are the preferred modalities of supporting the implementation of activities in recipient countries? (ex: through local partners, through your own entity, etc.)?

What is the amount of the contribution per year [USD]?

Describe which organization/funding mechanism you are channelling the fund through:

What is the amount of the contribution per year [USD]?
