

2. DDT

Decision: SC-11/2: DDT

Background:

The Conference of the Parties encouraged Parties using DDT to adopt alternative indoor residual spraying products and/or insecticide-treated nets, as indicated by local data, in the context of insecticide resistance management strategies.

The Conference of the Parties decided to evaluate, at its twelfth meeting, the continued need for DDT for disease vector control on the basis of the available scientific, technical, environmental and economic information, including that provided by the DDT expert group. The Conference of the Parties also decided to continue, subject to the availability of resources, through the DDT expert group, the intersessional process of consultations with Parties in the DDT register on a possible phase-out plan for DDT and withdrawal from the DDT register.

Follow-up:
